Why Choose DotFusion?

Trustless & Secure

Built on Hash Time-Locked Contracts (HTLC) with no trusted intermediaries. Your funds are always secure.

\$ 3909.96

Fast & Efficient

Optimized smart contracts with automatic resolver service. Complete swaps in minutes, not hours.

Cross-Chain Native

Direct ETH ↔ DOT swaps without wrapped tokens. True cross-chain interoperability.

Why Choose DotFusion?

Trustless & Secure

Built on Hash Time-Locked Contracts (HTLC) with no trusted intermediaries. Your funds are always secure.

Fast & Efficient

Optimized smart contracts with automatic resolver service. Complete swaps in minutes, not hours.

Cross-Chain Native

Direct ETH \leftrightarrow DOT swaps without wrapped tokens. True cross-chain interoperability.

No Fees

No platform fees, no hidden costs. Only pay for network gas fees.

Time-Locked

Configurable timeouts ensure you can always recover your funds if the other party doesn't complete the swap.

Bidirectional

Swap ETH for DOT or DOT for ETH. Full bidirectional support for all users.

How It Works

1

Lock Funds

Lock your ETH or DOT in a secure smart contract escrow.

2

Auto Match

Resolver service automatically matches and locks corresponding funds on the other chain.

3

Atomic Swap

Cryptographic secrets ensure both parties receive funds or get refunded.

4

Receive Funds

Receive your swapped tokens directly to your wallet. Swap complete!
